WHERE PATAGONIA EMPLOYEES GO TO GET FRESH AIR AND DAYLIGHT.

PATAGONIA'S PORTLAND STORE IS STOCKED WITH HIGH-PERFORMANCE OUTERWEAR AND HAPPY, LOYAL EMPLOYEES.

Patagonia's decision to lease retail space in a high-performance green building is paying off. Their store, located in Portland's Ecotrust Building, is attracting many new employees. It also reflects Patagonia's philosophy of creating products and lifestyles that are in harmony with the environment. Companies across the country are enjoying the benefits of leasing green, reporting increases in employee retention and productivity. The Ecotrust Building is a LEED-NC project. LEED-NC is the USGBC's green building rating system for new construction. LEED® (Leadership in Energy and Environmental Design) is the nationally recognized voluntary standard for high-performance green buildings from the U.S. Green Building Council.
